

## Responsibilities of Four Line Judges

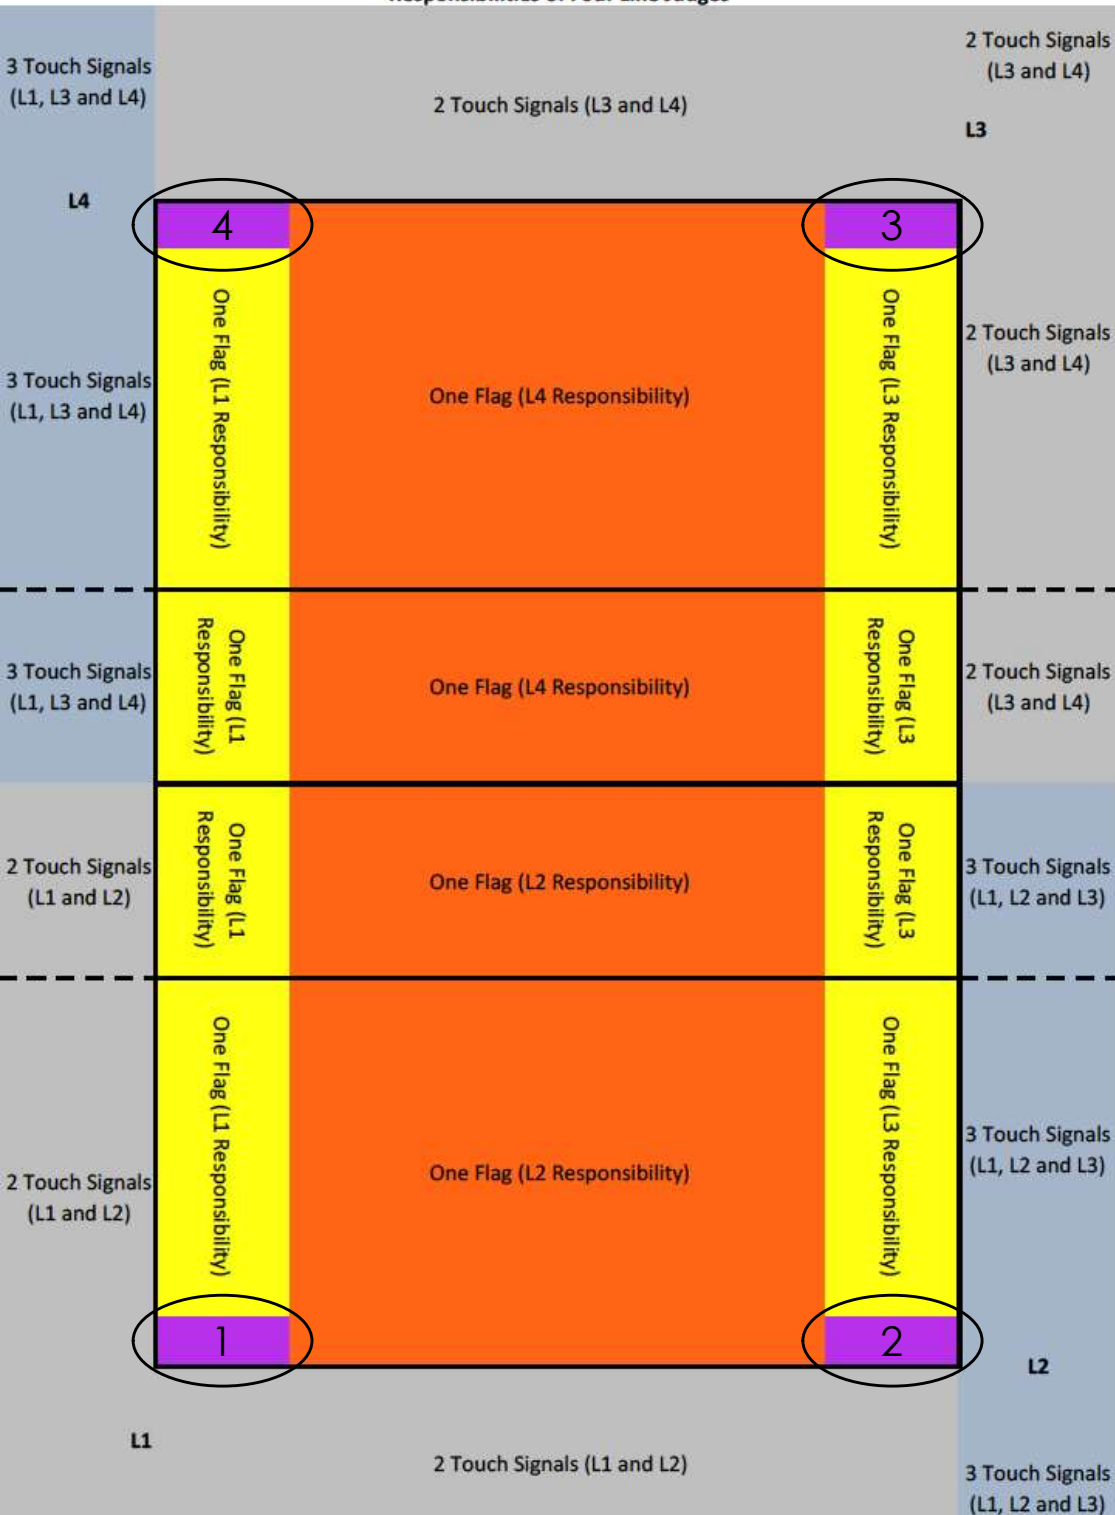

# FOUR LINE JUDGE SYSTEM RESPONSIBLE SIGNALING

The diagram indicates which line judge is responsible to signal when 4 line judges are used

It must be understood that line judge 2 or 4 may not always effectively observe the ball landing inside the court.

In these cases, line judge 1 or 3 is authorized and expected to signal ball 'in'

## Responsibilities of Four Line Judges

# FOUR LINE JUDGE SYSTEM RESPONSIBLE SIGNALING

The purple corners are areas where two line judges **must** provide a signal in relation to their respective side line or end line

- 1: Line Judge 1 and 2
- 2: Line Judge 2 and 3
- 3: Line Judge 3 and 4
- 4: Line Judge 1 and 4

In the case of contrasting signals (one ball 'in', one ball 'out'), the line judge signaling ball 'in' quickly removes their signal to avoid prolonged confusion
